## TRAFFIC ALERT

*A SH-59 Interchange in Bowie will be Upgraded for Safety*

---

**DATE: September 26, 2023**

**BOWIE** — TxDOT maintenance crews will start an intersection safety improvement project on North Mill Street at State Hwy. 59 next week. We will remove a portion of pavement on the north end of Mill St. to reduce the intersection to just one access point. Having only one intersection with SH-59 instead of two so close together will reduce confusion.

The job also includes new signage for the intersection. New Speed Limit signs (30MPH), Curve Ahead warning, and Chevrons will be installed. Demolition work is scheduled to start October 3<sup>rd</sup>, weather permitting. During construction, drivers will still have access to SH-59 using the remaining curved intersection.
